ENJOY THE LUXURY OF YOUR OWN SPA ALL YEAR ROUND

NEPTUN  
*spabad och vardagsglädje*

# **”SPECIAL EDITION beyond the ordinary!”**

## **The family’s best investment in well-being!**

Svenska Neptun’s many years of experience in the spa industry have made design and production possible for a wide selection of quality spas adapted to the Nordic climate.

No matter which model you choose, you get a lot for your money. Our spas are very well equipped as standard, unlike many of our competitors.

Make your spa to the family’s new meeting place. There is certainly a model that suits you. Being able to bathe in a private spa all year round in your own home environment, is an indescribable feeling that must be experienced.

Visit [www.svenskaneptun.es](http://www.svenskaneptun.es) for more information

# TECHNICAL INFORMATION

## Smart Zon® - Foot massage

Much more than a regular foot massage. Smart Zone® is a unique novelty in the Spa industry. Small powerful jets focus directly on the zone areas below feet and hits the most important acupuncture points and affects your well-being. Standard in model Eden.

## Ice Tray

Ice tray for chilled drinks are included in the models Tahiti and Eden.

## Waterfall

Waterfalls with LED lighting are included as standard.

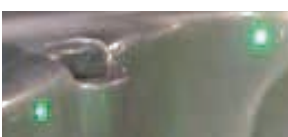

## Filter

The symbol indicates how many filters are in each spa model.

## LED Lighting

Multicolor LED lighting is standard equipment in all models.

## LED Spot Lighting

Powerful LED lighting (borderlights) placed in the waterline on the Capri, Tahiti, Martinique and Eden models.

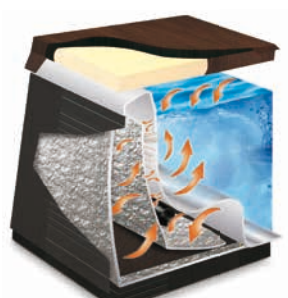

## Neck Therapy Massage

Included as standard in two seats on the Martinique and Eden models.

## TTS (Triple Thermal Shield)

In Neptune's outdoor spas is a unique TTS insulation standard, fully adapted to the Scandinavian climate. This results in a lower operating cost than many others Spa on the market.

## Pumps

The symbol indicates how many jet pumps there are in each spa model.
